All units include:

Free use of generator for 30 minutes per night. Additional time will be charged at \$6.00 per hour. Or you can choose to pre-pay a flat usage charge of \$20.00 per night, but not to exceed 10 hours per night.

Free use of the awning is included with all rentals with the understanding that the renter takes full responsibility for any damages or loss. The awning is not intended to be used in the rain or winds. It is important that the awning never be left open when the renter is away from the RV.

Free use of the TV and DVD player is included with all rentals.

Free use of the air conditioner. Air conditioners can only be used when operating the generator or plugged into a campground's 30 amp shoreline connection. The air conditioner is not to be used when plugged into standard household type plugs. They can not provide the power necessary to safely operate the air conditioning unit!
